

Konzerts For Kids and McDonalds
Giving back to the community
in which we live in.

In April, Grade 6,7,8 students in the public school system will be given the opportunity to attend a free theatre production.

Stan a.k.a. "definition" was a rising freestyle MC who loses it all because of his meth habit. He confronts his demons as he preps for an upcoming competition without the 'fix' that has dominated his life. Memories of the highs and the rush of music all collide as he struggles to recapture what he once had.

This newly commissioned play will examine the rising epidemic of crystal meth use by teens. Using spoken word and hip-hop, playwright Michael P. Northey and Green Thumb Theatre offer a dramatic exploration of addiction and drug culture.

Music written by Kyprios & Stylust, hip hop artists from Vancouver

WOW, that play was really, really cool. I thought Michael was amazing and did a really remarkable job. Learning all those lines and raps, and the way he portrayed the body movements of some one on meth was completely realistic. A great eye-opener and a MUST see!!

Missoula Children's Theatre
'Robin Hood'

The time is simply long ago and the place is the magical, mythical Sherwood Forest. Our hero, Robin Hood, and his Merry Band of colorful characters seek the help of the Foresters, manage to waylay the Aristocrats and set out to rescue Maid Marion and Marion's Maid. Prince John tries to stay calm as his Sheriff, guards and horsemen botch Robin's arrest thanks to the aromatic Skunks. Wacky humour and an original score add to this fresh new look at a legendary outlaw in a legendary time.

50-60 local students K- Gr. 12 will be cast in this production.

The Bubbleman
Creative Bubbling

This show tantalizes the senses and seems almost impossible to be real. This is not a magic show or a circus act but it is so magical you will want to be part of it again and again. There is nothing quite like it! The Bubbleman uses his magical tools to create bubbles as small as a penny or as big as a house. He can even put people inside bubble... but make sure you are floating upright just in case the bubble pops! Bubbles leave a lasting and unforgettable memory. "How is it done?" you may ask. You will have to come and see for yourself!

SWARM
Hyper-Kinetic Percussion

SWARM presents musical and theatrical shows of invented instruments, experimental world music and intense physical choreography. The performers jump and spin about the stage twirling large-scale industrial drum sculptures. They evoke primal rhythms from the drums and ethereal soundscapes from a wide range of musical sculptures. The mesmerizing contemporary collage of music, movement and mass, thrills audiences of all ages.
